Shaklee

READY TO CONQUER
THE WORLD

I am 45 and "lack of energy" was a major issue ... I would come to a total "stand still". Dr. Brouse said, based on my bloodwork, I needed to take **B Complex**. Once I started taking his recommended 6 a day, my energy level sky rocketed. And whenever I do hit a wall I take the B vitamins immediately and in a few minutes I can function. Lori S

B Complex is my anti-depressant; I use two first thing every morning and two more if needed early afternoon. I am able to handle every day with better behavior, think before I speak and stay calmer. It is a huge help to my mental stability. Alohanna J

DON REDUCED
HIS HEART RISK

"My triglycerides were 290 when I decided to give Shaklee a try. I took 6 Shaklee **OmegaGuard** and 8 **Lecithin** daily for one month. My triglycerides dropped to half of what they had been (145). My doctor could NOT believe these results were possible without medication! I'm thanking God." Don V

Hidden inflammation in the body is a major health risk factor and this is measured through a C-Reactive Protein (CRP) blood test. A high CRP negatively affects the heart and every other area of the body.

Major Inflammation fighters from Shaklee:
OmegaGuard, Vivix, D3

MATT "ROCKED"
THE CLEANSE!

Yay, Day 8 for my husband! He completed and rocked the "**Prove It Challenge**" cleanse! Matt is not a veggie eater and is a Dr. Pepper drinker! After sharing all my creative meals he decided to participate. He continued taking Vitalizer during the cleanse. He does have a pretty physically demanding job, so day 4-7 we did add 4oz. of protein to his lunch.

- His # 1 side effect of the cleanse was better sleep
- No more heartburn
- 10 lb. weight loss
- 8 3/4" loss - stomach, hips, thighs, neck and arms

Today, he's "stripping and shaking" at work! Melanie MacPetrie

NUTRIFERON IS FOR EVERYONE

How does NutriFeron work and what does it do in the body?

Interferon is crucial to a healthy immune function. The body makes interferon, but as we get older it makes less and less, putting us more at risk for diseases.

World-renowned immunologist Dr. Yasuhiko Kojima spent decades screening hundreds of botanicals to identify natural interferon boosters, creating the exclusive MACH® blend used in NutriFeron.

Shaklee NutriFeron **boosts the body's natural production of interferon and provides immune support at the cellular level.** This patented product is a Shaklee exclusive and available **ONLY** through Shaklee.

Nutriferon #20962

*When my husband was found to have **COPD**, I started giving him a double dose (4 pills) a day of NutriFeron. Then when his tests with the pulmonary specialist started getting better, he reduced his dosage to 2 pills a day. He still has some*

breathing problems but his last test showed normal numbers. He is also trying to walk every day and is more careful with his diet.

*I was diagnosed with having a **thyroid** problem 44 years ago and I have been on Synthroid ever since. I have been faithful about getting a physical with blood tests once a year. Throughout all those years, the*

dosage of Synthroid has never gone down ... UNTIL I started taking Nutriferon (a single dose). The doctor gradually started lowering my dosage of Synthroid to the point where I am now taking .123 MG a day.

*Also, I have been on Benicar 20 MG for **high blood pressure**. The need for this drug is also being reduced ... the doctor said to split the pill and take half a pill a day.*

*My husband and I are going to continue taking Nutriferon, since we are convinced it is helping us with overall health. I started taking Nutriferon to boost my **immune system** and it has done so much more.*

Connie P

ALLERGIES ANYONE? Countless numbers of people take NutriFeron for allergies with unbelievable results!

The patented MACH phytonutrient blend contains extracts of:

Pumpkinseed

Curcubita moschata

Safflower Flower

Carthamus tinctorius

Asian Plantain Seed

Plantago asiatica

Japanese Honeysuckle Flower

Lonicera japonica

Every home in America should have a bottle of Basic H

For around \$12 you can clean your home for a year! Besides saving a ton of money you would be doing the right thing for your health and the health of the planet. No worries about exposing your kids or your pets to chemicals. And this powerhouse super concentrated organic cleaner really works! Toss in the set of 3 spray bottles and you will be all set to mix up your own Window Cleaner, All Purpose Cleaner and Degreaser. This saves a lot of plastic spray bottles from winding up in the recycling bin or trash. You get one bottle of Basic H shipped to your home and you add the water. You will be amazed at how well it works and how long it lasts. You'll be good to clean any washable surface in your home for about a year! Monica M

YOUTH TO THE RESCUE

LOOK MUCH YOUNGER with "Youth"

This is a close friend who was willing to join me and give Shaklee's "Youth" a try. She was consistent with it's use and gave it time to really impact her skin. She used the system daily and saw gradual changes with each passing month. Here she is two years later and looking amazing. Skin texture, skin color, along with wrinkles ... all dramatically improved. Two years older, BUT looking years younger! She and her husband are thrilled with this "Anti Aging" program!
JoAnn Aldrich

PROSTATE HEALTH: Support for Men Over 40

Bonnie shares: "A healthy athletic gentleman in his early 70's regularly took products for his prostate, but he was still up numerous times a night. After receiving the Shaklee Saw Palmetto as a gift, he returned asking to purchase more. Now, at most, he's up once a night. His comment: 'All I can say is ... IT WORKS' "

DESIGNED TO WORK BETTER TOGETHER

OPTIFLORA PREBIOTIC COMPLEX POWDER

Helps maintain healthy digestive balance and provides nutrients to feed friendly bacteria

OPTIFLORA DI Clinically proven probiotic for digestive and immune health.

"PROVE IT CHALLENGE" A MIRACLE WORKER

WEIGHT AND INFLAMMATION "GONE"!

22 Days in and 9lbs lighter and 3 inches off my waist. My fiancée said my face looked skinnier too. I did not measure my cheeks to get a before and after .. lol. The best thing I noticed during the cleanse was the **inflammation** in my body nearly vanished. I used to hobble around my Jeep when I'd have to get my 2 year old out the back seat. After about 5-6 days I was like "whoa, no more hobble!" Jerry Perez

IT'S ALL ABOUT THE "MIND"

I have struggled with **severe migraines and headaches** for most of my adult life. So severe that I become sick and am unable to function. They seem to be mainly tension migraines that start in my neck and become knotted through the back of my head. After years of ibuprofen and several other OTC medications I had found no relief. Then my grandmother introduced me to "**Shaklee Stress Relief complex**". This was a miracle ... it worked!

In August I attended the Shaklee Live Conference. I set out to make the three hour drive with a glimpse of a headache and a 13 month old who hates being in the car seat. I was out of the Stress Relief complex and prayed that it was just a headache this time. By night two of the conference I had a blaring migraine and got sick. Great, I thought. The next morning we got our product pack of new products and in it was Shaklee **MindWorks**. Everyone was anxious to know the effect it could have on a young 25 year old, so I took one. Within 20 minutes my migraine had vanished. Completely 100% gone. No resonating headache, no threats of its impending return. Just gone.

This must be a coincidence, right? Surely something to increase focus and brain function would have no effect on headaches, let alone migraines. So I waited for it to come back. It didn't. Day 3 after taking just one Shaklee MindWorks and still no whisper of a migraine. This got me thinking. What would happen if I took this every day?

After two months of taking Shaklee MindWorks I rarely get migraines, and the ones I have gotten are due to other factors. I have increased mental awareness, and feel much less tired mentally. I am able to compartmentalize my crazy busy life and keep track of things way easier. Now my only question is, where was this when I was in college?!

Rachel S

My 95 Year Old Mother

- "I just wanted to let you know how
- **MindWorks** has helped my 95 year old
- mother. She has been on it for 4 weeks and
- her whole life seems to be brighter. In two
- weeks she had not complained once about
- anything. Where she used to not
- remember things, she remembered a week
- after my husband had surgery and called
- twice to see how he was. She remembered
- to schedule a ride to get her flu shot. She is
- not groggy when talking on the phone.
- A month ago we thought she would not
- make it till Christmas. Today we feel she
- will be around for several years. We think
- her Shaklee friend is a real angel."

Dean & Donna

Get Your
Omega-3s from
SHAKLEE
OmegaGuard

Omega-3 can help reduce the risk of HEART disease and support EYE and JOINT health.

Shaklee's OmegaGuard provides a full spectrum of seven ultra-pure pharmaceutical-grade omega-3 essential fatty acids, primarily EPA and DHA which helps support healthy heart and cardiovascular system.

So why is OmegaGuard special?

- OmegaGuard's fish oil is properly distilled making it very "pure" and "safe"
- Fish used in OmegaGuard are sourced out of the cleanest ocean waters
- Fish used in OmegaGuard have more potent DHA and EPA levels
- OmegaGuard offers the combined recommended intake of 500 mg EPA and DHA

Whether you're young or old, with or without heart disease, it's always best to act early to prevent heart attacks. Natural supplementation with this high-grade and bioavailable heart booster is a safe and effective way to do so.
