SHAKLEE

Vertigo

My husband has been plagued with sinus infections his entire adult life ... 3 to 4 each winter. Even though I have been a big believer in Shaklee supplements and have taken them for years with great results, I could not convince him to give them a try.

SINUS INFECTIONS

Then, we attended a Shaklee conference and he heard about NutriFeron. When we got home, he started with just this one product ...

NutriFeron.

A few weeks after starting on NutriFeron, he got a slight sinus infection. Since then, he has not had a single sinus infection. Hooray!!

Darlene Hanson

7 years ago our friend fell on a tall metal staircase, hitting the back of his head on a metal stair tread. He was knocked unconscious and suffered severe head trauma. His vertigo was so bad that for the past 7 years, at least 1 week a month, was spent lying down in a darkened room trying to get his world to stop spinning and having a waste basket handy for vomiting.

42 Days ago he started a Shaklee regime:

- 2 Vivix Liqui Gels
- 1 Zinc
- 2 NutriFeron
- 2 Vita D3

On day 42 my friend wrote:

"I feel great!

I'm active!

I have my life back!

I'm working 10 hours a day, 6-7 days a week!

I bounce out of bed early each morning refreshed and ready to go!

Also, I had COVID and survived!"

Gout & Osteoarthritis

I had both gout and osteoarthritis. The pain was very bad! The doctor prescribed strong medicines that, one by one, were taken off the market.

I'd been in this unhealthy cycle for 15 years. About the time I developed internal bleeding from the medicine, I began using Shaklee products. With Shaklee I felt much better.

At the suggestion of a nutritional doctor, I increased to 6 GLA, 2 to 3 times a day.

Like magic I had NO PAIN! In fact I haven't taken any pain medicine for four years. What a blessing.

WARTS:

I have been fighting a wart on my index finger and one on the top side of my big toe for over three years. I had the doctor freeze them off two years ago and they

came back. I tried Doterra oils, cutting them off, clipping them and nothing worked.

I was reading the Shaklee flyer that you send out and there was a testimonial that Formula I may help with warts. I started using one Formula I with a meal and after 3 bottles my warts are gone. Hallelujah!! Sandi B.

Dogs are a Big Part of the Family!

About a year ago, Daphne, our 14 yr old Cocker Spaniel started having digestive track issues. She needed to go outside 20 to 30 times a day. We tried at least 8 different dog foods. It was hard watching her sleep her life away, getting weaker and weaker.

We searched the internet and decided we would do organic veggies, fruits as well as meat, and even raw meat because she needed the digestive enzymes to help her utilize her food.

I needed to know she was getting all the nutrients she required so in addition to changing her food we put her on Shaklee's Chewable Incredivites, Chewable Calcium, NutriFeron to help her build her immune system and Joint Health Complex for her older joints.

Today, at nearly 16 years of age, she is frolicking around, able to go up stairs which she hadn't been able to do in nearly 2 years and is participating in our family once again. She acts like she did 5 years ago and the only thing I did was put her on an organic diet and supplements. Deb V

A SHOWER STALL In Need Of Major "Help"

This is a shower stall in a rental unit. It looked like a lost cause until Shaklee **Scour Off** was recruited!!

Other uses: marks on walls, sinks, tubs, tile, ovens, marks on glass, pots/pans, rust on the chrome of cars. Scour Off is gentle but very effective!

Note: Use with plenty of water and just a little of the product.

Immune Building Drink

I am addicted to the Shaklee Pomegranate Energizing Green Tea. But now I have found something that competes and may give me another addiction - the Shaklee **Elderberry Green Tea!** I'm in love! Barb

Lorri's Daily "Routine".... I mix the Elderberry Energizing Tea or the Pomegranate version **PLUS** the new **Triple Defense Boost** (1,000 mg of C, 2,000 IU D3, 2 mg Zinc & much more!) LOVE IT!

New & Improved ProSanté Hair Products

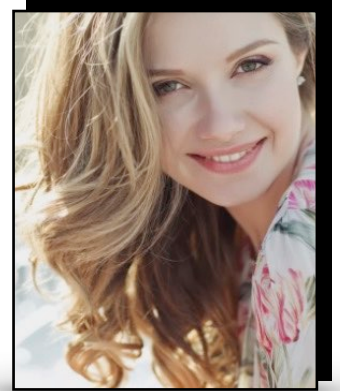

A reformulation of our shampoo and conditioner leverages advances in hair care technology.

Here's what members of our Field test group had to say about the enhanced formulations:

"I tried the new products and I loved the consistency, the smell, and the way they lathered and worked in my hair. I get lots of compliments on my hair health, including from my hair stylist. These new products provided great moisture, shine and revitalization. Because they come from Shaklee, I know they're the best for my scalp and for the overall health of my hair." ~ Michele Lyon

"I couldn't believe how little I used and how long it lasted. I liked the fresh, clean scent. I have very fine hair, so most shampoos are too heavy. I found my hair easy to manage." ~ Lynn Benevento

Revitalizing Shampoo #31690; Replenishing Conditioner #31644

10 Year Old Skin Problem Clears Up in 7 Months Barbara's Story

"When I was 13 years old, my face started breaking out. My sisters had peaches and cream complexions. My mom felt badly for me, so she started taking me to dermatologists. Within a 10 year span, I went to 14 different doctors. Each doctor had his own solution; all of them included some type of antibiotic.

I had salves (that burned), shots in my arm and cortisone shots in my face, dry ice therapy, sun lamp treatments, etc. Each time my skin would clear up, but then after stopping the treatments, my skin would break out again and get worse. My few pimples turned into acne and I was eventually referred to the head of dermatology at Johns Hopkins. They put me on 6 tetracycline tablets a day for 2 years. Can you imagine taking antibiotics for 2 years – and at such high levels?

I moved to New York when I was 23 years old. One day at my new job, my mom called to say she had made an appointment for me with the head of Columbia Hospital. I started crying and said that I was done. I couldn't take the ups and downs, the disappointments anymore – I would rather have the acne!

When I got off the phone, Helen, one of the secretaries in the office heard me on the phone. She said, 'I have something that will help to clear up your skin. It may take a year, but it will help get to the root of the problem.' She was a beautiful woman – beautiful hair and skin, but she was always taking pills and I thought she must be sick! There was something so genuine and caring about what she said and how she said it that I was willing to give it a try.

She was very honest and said that my skin might get worse before it could get better because of all the medications I had taken ... that it all had to come out so I could get better. And, that made sense to me. Well, the products she was talking about were Shaklee. I took ONLY 3 products – Energizing Soy Protein, Vita-Lea and Herb-Lax.

At first my skin did start breaking out – but at the same time a lot of other things started happening. I started **sleeping better**, **my PMS symptoms went away**, the skin around my eyes started looking healthier – no more circles, and **I had more energy**. I started experiencing a feeling of well being that I had NEVER experienced before. Well, true to Helen's word, **my skin was clear within 7 months.**"

My husband and I have used Shaklee's **Cholesterol Regulation Complex** since it was introduced. After 30 days of use, without any side effects, we had our labs done. In just 30 days both of our cholesterol levels became normal. Jean C

"Cleanse Enthusiast" Speaks Out:

Yesterday I finished the Shaklee Seven Day Healthy Cleanse, and it was probably the best experience I've ever had doing something like this. Over the decades I've enjoyed all the Shaklee products and this was no exception. "Feel better in one week. Guaranteed"? Absolutely, that was my experience. I'm 10 (!!)

pounds lighter and easily off caffeine, with endless energy at age 67.

This was the first time I've ever done a cleanse where there was no down-time with fatigue, or mini-healing crisis of headache or illness. All week long I had increasing energy, decreasing appetite, and greater mental clarity. On Day 4 and 5 I even put in full days of heavy garden and landscape work with no flagging energy. It was a totally unique experience for me. The amount of weight loss was a pleasant surprise, and a great way to launch improved eating patterns. I'm completely off sugar and my thirst mechanisms are reset to naturally include those 6-10 glasses of water every day, easily and naturally.

I'm pretty excited to have lost my "Covid 10 pounds" and launch into new eating habits and better nutrition. This gentle, easy, highly effective cleanse is such a blessing.

The Benefits of Vivix

Vivix contains a triple patented, all natural blend of powerful polyphenols that:

- Helps slow cellular aging naturally
- Helps your cells protect and repair DNA and combat free radicals
- Helps promote telomere health

- In a preliminary clinical study, Shaklee users who took Vivix and other Shaklee supplements for at least five years across the adult age range had a **40%** lower rate of telomere shortening than a healthy control group
- A statistical analysis projects that an **80-year-old Shaklee user would have the same telomere length as a 41-year-old !!**

Vivix is 13x more powerful than resveratrol alone at slowing a key mechanism of aging.

The Shaklee Difference

- Triple patented, all natural blend of powerful polyphenols
- Immense antioxidant power
- Based on the muscadine grape—one of nature's rarest, most potent fruits
- Proprietary extraction process preserves bioactive polyphenols.
